REPORT.

NEW YORK, April 1, 1902.

To the Stockholders of the Michigan Central Railroad Company:

The Board of Directors submits herewith the fifty-sixth annual report, being for the year ending December 31st, 1901.

CAPITAL STOCK.

The Capital Stock remains unchanged; it is \$18,738,000.

FUNDED DEBT.

During the year the Trustees of the Land Grant Fund of the Jackson, Lansing & Saginaw Company purchased and cancelled \$61,000 in the Consolidated Mortgage 5 per cent. Bonds of that Company. This left outstanding of that issue \$1,600,000, which became due on September 1st, 1901.

In order to provide means for the payment thereof, and to refund to this Company an amount of \$400,000 expended by it in constructing two branches for the Jackson, Lansing & Saginaw, a mortgage was made by that Company to secure an issue of \$2,000,000 in 3½ per cent. 50 Year Gold Bonds; which bonds, as had been done in all previous cases of leased lines, were made the direct bonds of this Company. The annual saving in interest by this transaction is \$13,050.

ROAD OPERATED.

	MILES.	
	Main Track.	Second Track.
MAIN LINE.		
Michigan Central System	1,200.44	173.38
Canada Southern System.....	457.30	134.71
Total.....	1,657.74	308.09

The table of tracks herewith shows total miles of road to be 1,643.74, which, plus 14 miles of trackage right on the Illinois Central

R. R. from Kensington to Chicago, equals the 1,657.74, as stated above. In addition to the 1,643.74 miles of main track and 308.09 miles of second track included in the joint system, there are 1,023.87 miles of side track, aggregating a track mileage of 2,975.70 miles, of which 2,858.39 miles are laid with steel and 117.31 miles with iron rails.

CONSTRUCTION.

No charge has been made during the year to this Company's own Construction Account.

Against the bonds issued on behalf of the Jackson, Lansing & Saginaw Company, as stated on preceding page, the Construction Account of Leased Lines has been increased to correspond—less, however, a credit to that account of \$113,818.52, and to the Construction Account of Proprietary Lines of \$176,739, being a total of \$290,557.52—for a part of the \$400,000 received for constructing the two branches, as stated, which part of cost had, when expended, been charged to those accounts.

EARNINGS.

The earnings are as follows :

	1901.	1900.
From freight	\$12,858,455 34	\$11,876,036 95
“ passenger	4,644,229 81	3,889,756 17
“ mail	417,826 01	418,098 51
“ express	501,899 24	472,917 58
“ miscellaneous	67,863 25	73,321 97
Total	\$18,490,273 65	\$16,730,131 18

showing an increase of \$1,760,000.

The freight traffic shows an increase in tons moved one mile of 73,550,830, and an increase in earnings of \$982,418. The rate per ton per mile shows an increase in cents from 0.592 to 0.618, or 0.026.

The passenger traffic shows an increase of 50,962,836 in passengers moved one mile, and an increase of \$754,474 in earnings. The rate per passenger per mile shows a decrease in cents from 2.194 to 2.034, or 0.160.

EXPENSES.

The gross operating expenses are as follows :

	1901.	1900.
Expenses.....	\$14,237,831 06	\$12,762,284 58
Taxes	508,132 90	467,205 77
Expenses and Taxes.....	\$14,745,963 96	\$13,229,490 35

showing an increase of \$1,516,000.

The construction of the second track between Ypsilanti and Dexter, 17.50 miles, was completed during the year 1901, and \$180,000 set aside from the surplus of the year to the credit of the special fund for the construction of this piece of road, making the total cost \$395,000. This work has been very expensive considering the length thereof, due to the relocation of the line at several points, thereby reducing the curvature, and on account of the large number of iron bridges constructed—16 in number.

In addition to the above, \$30,000 has also been deducted from the surplus income and credited to a special fund for the construction of a second track from Jackson to Niles.

During the year the Caro Branch of the Bay City Division was extended from Caro to Owendale, to a junction with the Pontiac, Oxford & Northern Railroad, a distance of 20.73 miles.

Just prior to the close of the last fiscal year, the Canada Southern Railway Company, under its agreement with, and at the request of this Company, sold \$72,000 of its First Mortgage Bonds and \$350,000 of its Second Mortgage Bonds, realizing therefrom \$452,000. Of this amount \$337,000 was expended in the construction of a second track,

From Cayuga to Hagersville.....	9.92 miles
“ Dutton to Bismarck.....	6.53 “
“ Tilbury to Essex.....	21.05 “
Or a total of.....	37.50 “

leaving a balance of \$115,000 which will be used as far as it may be available during the coming year in the construction of a second track from Bismarck to Ridgetown, a distance of about 18.25 miles.

The cost of all betterments and additions to the property, excepting the \$210,000 as above stated, set aside out of Net Revenue of 1901,

and credited to a special fund for the construction of second track between Ypsilanti and Dexter, and Jackson and Niles, is included in this account.

OPERATING RESULTS.

The result of the year's operation is shown by the following statement :

Gross earnings from traffic.....	\$18,490,273 65
